- Please refer to [PIF-IL multilingual resources](#) that explain that the new rule allows families to access medical, nutrition and housing assistance without fear of this affecting their eligibility to adjust status.
- For a non-exhaustive list of Illinois and federal benefits/programs that are “safe” to use because they are NOT counted in the public charge test, please see [here](#).

Asylum: Title 42 and Transit Ban

On Jan 5th the Biden Administration announced the expansion of Title 42 to include expulsions for individuals from Nicaragua, Haiti, and Cuba.

- This includes an agreement with the Mexican government to permit 30,000 expulsions per month from Venezuela, Nicaragua, Haiti & Cuba. A new parole program will to be made available for 30,000 total individuals from these countries per month.
- See statements denouncing this policy from the [American Immigration Council-AIC](#), [National Immigration Law Center-NILC](#) and [Physicians for Human Rights-PHR](#).
- **ACTION ALERT:** [American Immigration Council sign-on](#) to urge DHS Secretary Alejandro Mayorkas to support the pilot case management program for those seeking asylum in the U.S.

The Biden Administration also revived the Trump-era “transit ban” that bars those who crossed a third country from seeking asylum in the U.S. Previously, in 2020, the 9th Circuit Court of Appeals blocked the Trump Administration's attempt to apply the transit ban, but it was later vacated by the D.C. District Court.

- **ACTION ALERT:** The administration announced that a new proposed rule would soon be published by DHS and DOJ for public comment.

The Welcome Corps is described as a service program to complement to the U.S. Refugee Admissions Program.
